## TOGETHER WITH ART

Together with art, we can move mountains.  
Together with art, we can bring about change.

Together with art, we can transform the lives of those who need support the most. And in doing so, allow ourselves to be transformed too.

Together with art, we can provide relief & rehabilitate the people who are most affected by the Covid-19 situation and together, march towards hope.

“Together with Art” is part of a curated, 6-month online exhibition by Artflute that showcases over 100 artists. A diverse range of art from drawings to watercolor paintings and limited edition prints to original artworks are part of this curated exhibition. Designed to suit every budget and stage of personal art collection, each purchase of art is a step towards deepening your personal relationship with art while making a difference in these times.

Twenty percent of the proceeds of the exhibition go to Goonj, our partner in this initiative. An award-winning organization known for its grassroots work across the country, Goonj will utilise the funds raised towards the long-term relief and rehabilitation of people whose livelihoods have been threatened by the Covid-19 situation.

**Continue to be an agent of lasting change.**

Goonj is an organization that shares a lot of our values. They, too, believe in working from the inside out and they work with vulnerable people struggling with the effects of this lockdown- which has extinguished their livelihoods.

Founded by Anshu Gupta, a social entrepreneur and Magsaysay award winner, Goonj undertakes sustained rehabilitation efforts across many states.

As a business, we believe in doing what we know best to help the most vulnerable and build a conscious collective future.
